The Census of Quirinius was a census of Judea taken by Publius Sulpicius Quirinius, governor of Roman Syria, upon the imposition of direct Roman rule in 6 CE. The Gospel of Luke uses it to date the birth of Jesus, which the Gospel of Matthew places in the time of Herod the Great, who died in 4 BCE. Luke appears to have conflated Quirinius's census with the death of Herod, and most critical ...

Islam is the dominant religion in Egypt (Arabic: **مِصْر**, romanized: Miṣr) with around an estimated 90.3% of the population. Almost the entirety of Egypt's Muslims are Sunnis, with a very small minority of Shia. Islam has been recognized as the state religion since 1980. Since there has been no religious census, the actual percentage of Muslims is not known: the percentage of Christians ...

The government of ancient Egypt was a theocratic monarchy as the king ruled by a mandate from the gods, initially was seen as an intermediary between human beings and the divine, and was supposed to represent the gods' will through the laws passed and policies approved.. A central government in Egypt is evident by c. 3150 BCE when King Narmer unified the country, but some form of government ...
