Skeptical Science • Promoting Science and Critical Thinking

Interstellar falls short when compared to a film like 2001: A Space Odyssey due to the same mistake many science fiction films seem to make.... Nolan explains too much.. As H.P. Lovecraft once said, “With all things mysterious... explain nothing.” When you watch 2001, you really watch the film, and it makes perfect sense on a visual level that we get to avoid spoon-fed exposition.
