Estimation and Costing Notes PDF Download - BTEch Geeks

What is estimation in maths? Estimation is when we use approximate values in a calculation to give an approximate, predicted answer rather than an exact answer.. Estimating calculations makes them more manageable by using round numbers. E.g. If we wanted to estimate the answer to 46.75 x 3.218 we could round both these numbers and use an estimated calculation of 50 x 3 = 150
