### Global Enterprise Software Solution Provider | IFS Nederland

Lean manufacturing is a production method aimed primarily at reducing times within the production system as well as response times from suppliers and to customers.. It is derived from Toyota's 1930 operating model "The Toyota Way" (Toyota Production System, TPS). The term "Lean" was coined in 1988 by John Krafcik, and defined in 1996 by James Womack and Daniel Jones to consist of five key ...
