While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Dress for the lab. This is a safety rule because your clothing is one of your best forms of protection against an accident. For any science lab, wear covered shoes, long pants, and keep your hair up so it can't fall into your experiment or a flame. Make sure you wear protective gear, as needed. Basics include a lab coat and safety goggles.

Normally, the rule of threes contains the following: You can survive three minutes without breathable air (unconsciousness generally occurs), or in icy water. You can survive three hours in a harsh environment (extreme heat or cold). You can survive three days without drinkable water.

Rule of threes (survival) - Wikipedia

The First 3 Days What to expect: Everything is new and completely overwhelming. Your dog is uncomfortable in their surroundings. They don't know where to go potty, when to eat, or what they're allowed to touch. Expect your pooch to be timid and shy. Their body language will likely convey stress, with flat ears and tucked tail.
