leaders.

The Communist Manifesto Quotes: Wealth | SparkNotes

Marx and Engels see society dominated by the capitalist class—the bourgeoisie—as fundamentally unequal. To them, it is patently unfair that those at the top of society have so much more power and wealth than those at the bottom—especially given that the proletariat greatly outnumbers the bourgeoisie. That power and money give the bourgeoisie disproportionate control over society's ...

Inequality and Distribution of Wealth Theme in The ...

In *Wealth into Power*, Bruce Dickson challenges the notion that economic development is leading to political change in China, or that China's private entrepreneurs are helping to promote democratization. Instead, they have become partners with the ruling Chinese Communist Party to promote economic growth while maintaining the political status quo.

Wealth into Power ()

The purchasing power of China's consumers remains constrained by low average incomes, negative real interest rates fixed by state-owned banks, and the need to save for social welfare expenses. China's massive state-driven investments in response to the global financial crisis have further delayed China's long-awaited transition to a consumer-driven economy. [72]
